

Harjot Singh

Dynamic Web & Android Developer with experience in the MERN stack and Java Android development. Known for mentoring students, delivering production-level mobile and web applications, and actively participating in client-driven agile environments. Passionate about building scalable solutions and continuously growing through real-world projects.

Work Experience

Android Developer Intern (Full-Time) | ClayHR

Jan 2025 – July 31, 2025

- Worked full-time on the ClayHR Android App.
- Developed core features for the ClayHR Android App, replicating functionalities from the web app using Java in Android Studio.
- Integrated REST APIs for dynamic data, implemented Room DB (Entity, DAO, AppDatabase), and followed MVC architecture.
- Used Jira for sprint planning and task tracking; followed Agile methodology and the Zero Email Rule.
- Participated in client meetings, created technical docs, gave presentations via Google Meet, and wrote internal articles.
- Managed end-to-end app development and delivered robust, production-grade code.

Intern & Mentor | Ansh Infotech, Ludhiana June 2024

June 2024 – Dec 2024

- Mentor over 15 students in web development, with a focus on the MERN stack.
- Lead workshops and practical sessions to enhance students' understanding of modern web technologies.
- Engage in advanced training on backend development to strengthen my technical skills and apply them in real-world scenarios.

Frontend Development Mentor | Scabtech Institute, Ludhiana

Jan 2023 – May 2023

- Successfully mentored more than 40 students in HTML, CSS, JavaScript, and React.
- Conducted interactive classes and hands-on projects to foster a deep understanding of frontend technologies..
- Played a key role in shaping the curriculum to align with industry standards and trends.
